

CONFIDENTIALITY AGREEMENT

APPLICABLE FOR STUDENTS WITH ACCESS TO ODFJELL SE PRIVATE DATA

I understand that:

- Through my engagement with Odfjell SE, I have been granted access to operational and commercial information that is not publicly available.
- Disclosure of this information outside the Odfjell organization could result in significant commercial loss for the company.
- Vessel-specific data included in the thesis or academic work must be anonymized. Full disclosure, including vessel names and IMO numbers, may only be shared with academic supervisors or examiners if required for evaluation, examination, or grading purposes.

I undertake to:

- Maintain the confidentiality of all information related to Odfjell, including commercial and company-specific content, regardless of the format in which it is presented.
- Keep confidential all Odfjell data, reports, correspondence, and descriptions, and delete all Odfjell-specific material in my possession upon completion of the thesis or academic work.
- Not copy or reproduce any documents, data, reports, or other information without prior written approval from an authorized Odfjell representative.
- Upon submission, share thesis or academic work, including the dataset, with Odfjell

I acknowledge that:

- Any intentional or negligent breach of this confidentiality agreement may result in legal consequences, including potential criminal liability.
- The confidentiality obligations outlined in this agreement remain in effect even after my engagement with Odfjell has ended.
- The thesis or academic work may only be made publicly available upon receiving written consent from an authorized Odfjell representative, following a review of the final version.
